Statistical Process Control Concepts

Thursday 1st October 2015

5:15pm for 5:30pm - 7:00pm

The Geelong Club, 74 Brougham St., Geelong

Presentation

The presenter, Flavio Giurco, has a passion for data and for displaying it to provide insights for decision making. He has a wealth of knowledge and experience in the field of statistical process control gained over many years at Alcoa of Australia and currently at the Transport Accident Commission. His presentation will focus on providing an understanding of the concepts and the interpretation of control charts rather than on calculations. Various case studies will be used to illustrate concepts.

Content

The introductory level presentation will assume no prior learning and will cover the following topics:

- What is Statistical Process Control?
- The meaning of various basic statistics
- Elements and interpretation of control charts
- How understanding different types of variation helps direct our problem solving
- Displaying variation using Box & Whisker plots
- Ideas on "Putting it all together" for comprehensive monitoring of performance

Agenda

- 5:15-5:30 Registration
- 5:30-6:30 Presentation
- 6:30-6:45 Questions & sharing experiences
- 6:45-7:00 Close and Networking

RSVP by Monday 28 September 2015

Cost: \$30 – Includes a printed copy of the presentation, one complimentary drink and nibbles.

Geelong Quality Council

Vision

We aim to contribute to the development of a prosperous Geelong community by supporting individuals and organisations to achieve operational excellence.

Purpose

To assist Geelong region organisations achieve operational excellence by facilitating information sharing on management systems/sustaining, lean/waste reduction philosophies, 6 sigma/systematic problem solving principles and emerging quality approaches.

We do this as volunteers of a not for profit resource by:

- Arranging regular, low cost, site visits, seminars and workshops focusing on sharing methods and tools that assist in achieving operational excellence.
- Creating a collaborative learning environment where experienced people from a diversity of organisations can share their knowledge and network with others for the benefit of the community.
- Offering experiences for students to learn about operational excellence.

Values

GQC encourages a respectful open environment where diverse views are welcomed in a manner that accords with ethical business practices

Committee

Our committee meets on the second Thursday of the month from 8am-9am at the offices of the Geelong Manufacturing Council, 82 Brougham Street at corner of Yarra Street, Geelong, to plan the activities of the Geelong Quality Council. Meeting dates are on our web site. We welcome new members to our committee.
