

Presented by the Geelong Quality Council
and
Supported by the Geelong Manufacturing Council
and
Air Radiators

Improving Quality and Productivity

Thursday 21st April 2016
Air Radiators, 45 Heales Road, Lara
8:45am - 11:30am

Presentation & Plant Tour

- The presentation and plant tour will showcase the tools and methods that Air Radiators have used to improve their operations.
- See how they have implemented a Visual Management system that has improved their productivity and shop floor engagement.
- Hear about their use of the Quality Tracking System (QTS) software to collect and report on quality inspection data.
- See QTS in use by operators on the shop floor.
- Hear how QTS has been a key tool to improve quality as part of a continuous improvement process.

The Agenda

8:45	Registration
9:00	Welcome
9:05	Formal Presentation
