

Presented by the Geelong Quality Council
and
Supported by the Geelong Manufacturing Council
and
Air Radiators

Improving Quality and Productivity

Friday 20th April 2018

Air Radiators, 45 Heales Road, Lara

8:45am - 11:30am

Presentation & Plant Tour

- The presentation and plant tour will showcase the tools and methods that Air Radiators have used to improve their operations.
- See how they have implemented a Visual Management system that has improved their productivity and shop floor engagement.
- Hear about their use of the Quality Tracking System (QTS) software to collect and report on quality inspection data and drive improvements.
- See QTS in use by operators on the shop floor including the use of bar code readers to improve data entry accuracy and efficiency.
- Hear how the use of i-auditor has helped reduce inspection times and also reduce customer complaints.

The Agenda
