We know most businesses have a different way of creating their own road to success, according to the challenges they face and the resources they can harness.

Join us, as we explore the different success journeys presented by **City of Greater Geelong**, **Barwon Water**, **Andritz** and **Think Fencing**. These organisations will share the ups and downs of their improvement journeys.

Keynote Speaker **Dr. Kathy Alexander**, former South Australian Telstra Businesswoman of the Year, is an experienced Board Member, Chair of organisations such as the Naomi Milgrom foundation, Eastern Melbourne Primary Health Care Network, Porter Davis Homes and has held CEO roles at Royal Children's & Royal Women's hospitals in Victoria and the City of Melbourne.

City of Greater Geelong - Amidst many challenges CoGG have quietly reduced pot hole repair lead time by 80%, and are using Business Improvement to help transform the organisation.

Barwon Water - Have set a goal to be carbon neutral by 2030 and have a range of initiatives supporting this audacious goal.

Andritz, formerly **Huyck-Wagner/Xerium** - produces highly engineered synthetic textile belts for use in the paper manufacturing industry. They continue to transform in a Globally competitive marketplace.

Think Fencing - A local innovative manufacturing organisation in the niche space of PVC fencing is significantly investing, as it enters the PVC window market.

The day will wrap up with an interactive panel discussion.
